

Balanced pH **EMPOWERS** the Body's Natural Defense **AGAINST** Disease

50 YEARS IN THE MAKING

50 years ago, an inventor named Al Siamon, formulated CleanShield™. During years of ongoing discovery and observation, he discovered amazing characteristics of this product that greatly boost the health of the body. In 2006 this product entered the health market and has made a powerful impact. The amazing benefits of CleanShield™ are based on understanding the importance of **WATER** within the body.

WATER is the primary building block of life and makes up 70% of our bodies. **THE CONDITION OF THIS "OCEAN" WITHIN IS CRITICAL TO YOUR HEALTH.** In particular your body's water pH levels must be maintained. The pH boosting effect of CleanShield™ to the pH levels of this inner ocean is very important to understand.

BOOST pH LEVEL

CleanShield™ is a liquid supplement with powerful ability to raise body pH levels quickly.

EASY AND SAFE

CleanShield™ is a proprietary mix of safe, inorganic minerals in water and has no known negative side effects. This unique blend works without expensive products or complicated diets.

CleanShield™

pH BOOST SUPPLEMENT

In water a certain percentage of water molecules disassociate into H and OH ions. The term "pH" (Potential of Hydrogen) is the ratio of H to OH ions and is expressed as pH scale and ranges from 0-14. Your body makes very strong efforts to keep body pH within **THE OPTIMUM TARGET** of 7.0.

Chronically low pH levels are called **ACIDOSIS** and are very damaging. **MOST DEGENERATIVE DISEASES** result from this condition. We cause this by our acidic dietary habits, lifestyles, and environment.

BALANCE TO PH is therefore **IMPERATIVE TO ACHIEVE.** Good balance enables better performance of the immune system and helps your body maintain vibrant, long term health, and strengthens its ability to fight against sickness and disease.

CleanShield™ is a liquid supplement with powerful ability to raise body pH levels quickly.

NATURAL SOLUTION

CleanShield™ is a mix of all natural minerals and water that triggers the body's own ability to produce alkalinity and balance the inner terrain.

RUGGED / DURABLE

CleanShield™ is not harmed by high or low temperatures and is very durable. This ruggedness makes it a dependable supplement.

TESTIMONIES

The use of CleanShield™ in Nigeria and worldwide has produced a steady stream of testimonies about the extraordinary health benefits.

WHY DO WE GET SICK?

We are usually to blame, although often in ignorance. We pollute the inner ocean of our body within with high levels of acidity and don't know it!

Here are several things we do "wrong":

- ↓ **TOO LITTLE DRINKING WATER**
- ↓ **TOO MUCH OF THE WRONG FOODS**
- ↓ **TOO MUCH SUGAR**
- ↓ **TOO MUCH STRESS**
- ↓ **TOO LITTLE EXERCISE**

The cumulative effect of too much of this, too little of that... brings great harm to the body. We don't realize until too late that the little mistakes have severely damaged our health.

The body's amazing ability to adapt and resist this abuse deceives us into thinking no harm is being done. The sad realization is this: the body has a limit - with terrible health consequences.

WHAT IS THE ANSWER?

We can take dramatic steps to find our way to health by cleansing the ocean within (reducing acidity). Here are two recommended steps...

Step 1 Use of CleanShield™. Initiate a rapid pH rise through neutralization of current acidity by regular use of CleanShield™.

Step 2 Lifestyle Change. Reduce the ongoing creation of acidity in the body by making **LIFESTYLE** changes. See the **LIFESTYLE ACTION STEPS** below.

A) Drink more good water B) Eat alkaline foods C) Rest and sleep D) Exercise more E) Reduce sugar intake.

**REMEMBER: WHAT YOU DO
MAKES A DIFFERENCE**
